# SPRAYSMART™

PROPELLANT-FREE  
MARKING PAINT DELIVERY SYSTEM

Marking Paint Has Been Revolutionized! The **Rust-Oleum SpraySmart™ System** is a first of its kind, patent-pending, propellant-free delivery system for spraying marking paint.

## FEATURES & BENEFITS

- ✓ Sprays in any direction, on any substrate and in any weather condition
- ✓ Strategically designed to fully empty each paint pouch—no waste!
- ✓ System fits in existing marking paint wands
- ✓ Lightweight design. Device and pouch weigh the same as a full 20 oz. can
- ✓ Propellant-free paint pouches are more convenient to ship and take less space
- ✓ Each pouch marks more linear feet than leading competitor
- ✓ Lithium ion battery sprays up to 48 paint pouches when fully charged

*“SpraySmart is really easy to use. I like that I can see how much paint I have left and that the pouches take up less space in my truck. The paint sprayed really well and was very visible. I was really impressed.”*

– Jeff F.,
