LUBRICANTS

MRO SOLUTION 900

SILICONE SPRAY LUBRICANT

Part #

M05020

Eliminates sticking, binding and squeaking on hinges, locks, chains, rubber weather stripping, garage door rollers and other moving parts. Formulated to be colorless, odorless and non-staining, while providing excellent lubricity. This product is safe for incidental food contact.

Use to lubricate and protect metal, wood, rubber, glass, chrome, plastic parts, rubber weather stripping (used on doors, windows, etc.), hinges, locks, ignition systems (waterproofing), snow shovels and sled runners (to prevent snow from sticking.)

- Food Grade
- Non-Staining
- Lubricates and Protects
- Eliminates Sticking, Binding and Squeaking

MRO SOLUTION 925

CHAIN & CABLE LUBRICANT

Part #

M05060

A film lubricant containing moly and graphite to provide maximum lubrication and protection. It seeps into the tightest areas where the greatest stress occurs. Protects equipments against dust, dirt, and water migration that often increases friction and leads to failure. Formulated to cling, and continues working long after the initial application. Solution 925 eliminates the cause of corrosion by forcing water out of assemblies and provides long-lasting protection against saltwater immersion and atmospheric moisture.

- Provides Maximum Protection
- Penetrant
- Corrosion Inhibitor
- Lubricates
